School Annual Education Report (AER)

Bullock Creek Elementary

Aug 8, 2012

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2011-2012 educational progress for Bullock Creek Elementary School. The AER addresses the complex reporting information required by Federal and State laws. The school's report contains information about student assessment, Adequate Yearly Progress (AYP) and teacher quality. If you have any questions about the AER, please contact Vicki Mikusko for assistance.

The AER is available for you to review electronically by visiting the following web site www.bccreek.k12.mi.us or you may review a copy from Vicki Mikusko's office at your child's school.

For 2011-2012, Bullock Creek Elementary made Adequate Yearly Progress (AYP) in the tested subjects: mathematics and reading. While we are pleased to have reached this important goal, we are continuously working to improve. Our school improvement plan will have a focus on increasing our Math and Reading scores to become more competitive with other state schools. The district has made a commit in designating resources and training to our staff to ensure future success of our student. Parent input is always welcomed. Parents can be involved with the school improvement process by taking part in team meetings, volunteering at school or providing input on the parent survey. We appreciate the continued support of parents, staff and our community in this effort.

Federal law allows you to ask for certain information about your child's classroom teachers, and requires us to give you this information in a timely manner if you ask for it. Specifically, you have the right to ask for the following information about each of your child's classroom teachers:

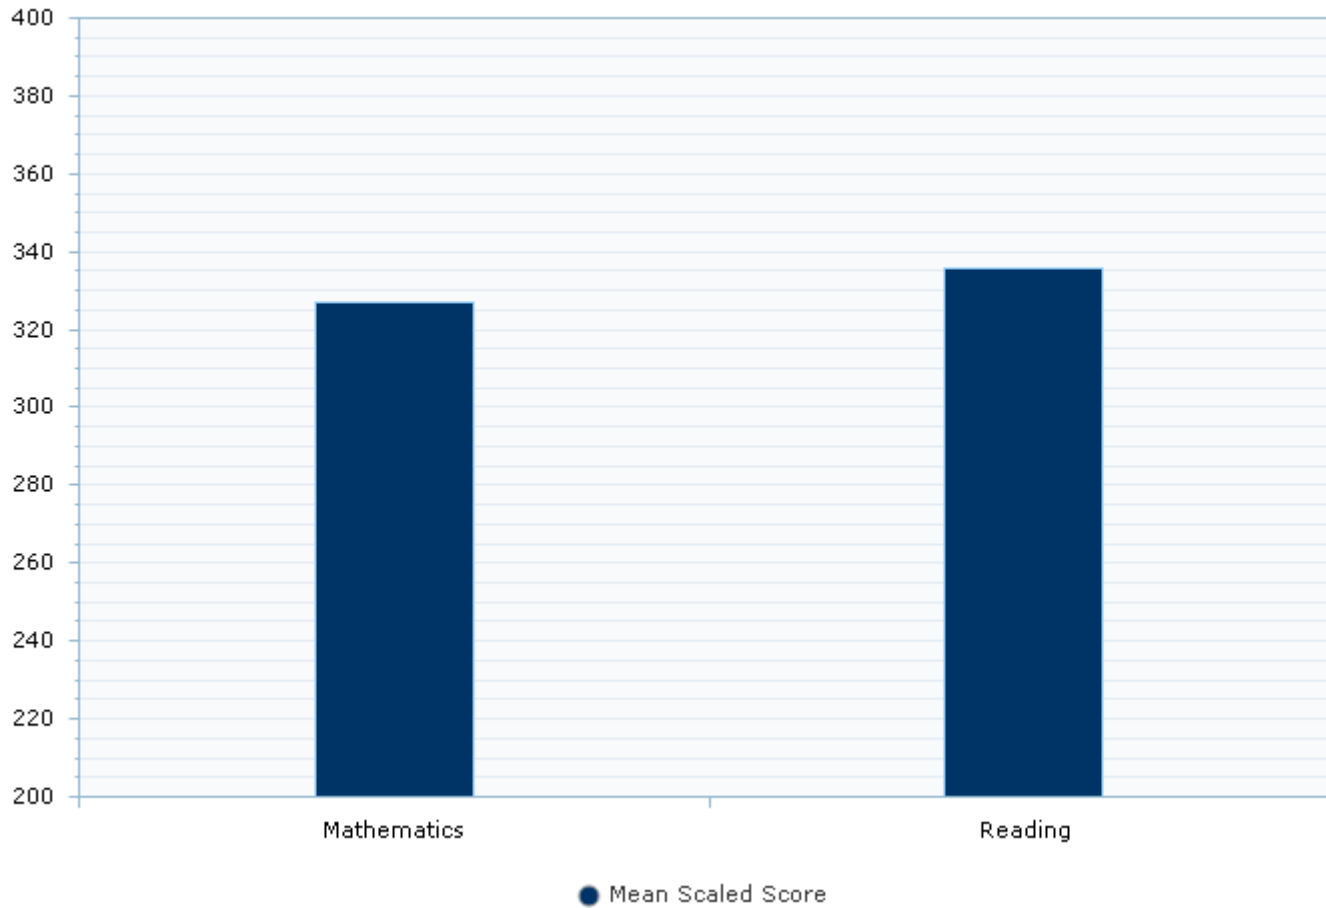

- Whether the Michigan Department of Education has licensed or qualified the teacher for the grades and subjects he or she teaches.
- Whether the Michigan Department of Education has decided that the teacher can teach in a classroom without being licensed or qualified under state regulations because of special circumstances.
- The teacher's college major; whether the teacher has any advanced degrees and, if so, the subject of the degrees.
- Whether any teachers' aides or similar paraprofessionals provide services to your child and, if they do, their qualifications.

The 2011-12 was a productive year for Bullock Elementary students and staff. We continue to strive to meet state standards and to provide the best educational opportunities for our young students. We are proud that our parents and community stay involved and support our kids, our staff and our school.
